SPECIAL PLAN ACCOMMODATION FOR COVID-19

Claims due to known, foreseeable, or expected events, epidemics, cessation of operations by the school, or fear of attending school are generally not covered. However, until further notice, although not covered under most plans, we are currently accommodating claims for when an insured student completely withdraws from school for the covered term due to becoming ill with COVID-19.

The accommodation above is strictly applicable to COVID-19. All other terms, conditions, and exclusions of the plan apply as normal. All benefits are subject to maximum limits of liability. Please read your plan for details.

Additionally, policyholders and insured students have access to Student Life Assistance, which can provide aid, for example, with the following:

1. Family Travel Assistance: In the event that the insured student becomes ill or injured requiring hospitalization during the covered term, we will assist in making travel arrangements for you to visit the hospital where the insured student is admitted.

2. Getting the insured student home after medical care: if an insured student becomes ill during the covered term and requires transportation to a facility of higher level of care or home, we can arrange for transport to a location or medical facility of their choice. We can also arrange for transportation to include a medical escort if necessary.

3. Vehicle Return: if the insured student can’t drive home because of illness/injury, we will arrange to have the insured student’s car driven to his or her U.S. place of residence.

Please note, the above are assistance services only, not financial benefits. The recipient of the services is fully and solely responsible for all charges by vendors for services provided. All terms, conditions, and exclusions of the plan apply.
